

Versatile Production/Post-Production Expert

Six-time Emmy Award Winning Editor, Producer and Shooter with the full prism of video, film, and reality post-production experience supporting almost every major network, including ABC, NBC, CBS, Lifetime, Discovery, PBS, Animal Planet, DIY, and HGTV. Versatile history operating across all genres for primetime access including Reality, Sales, Scripted, Unscripted, Music Video, Instructional, Public Affairs, and Political. Seamlessly moves on from one project to the next, often taking on multiple projects at once, leveraging agility and vision to create media that meets trends in the ever-changing world of the post-production landscape. Utilize technical background, experience, and passion to deliver distinctive storytelling that aligns with clients and creatives from concept to completion. Compelling and accurate multiplatform professional with an invaluable history of experience that offers versatility, speed, quality and an unparalleled work ethic.

Notable Genres & Projects:

- **Documentary:** Employing a clear understanding of the boundaries of information and data, headed production and editing services across a wide scope of documentaries. Editor for the Gene Rodenberry Story for the Sci-Fi Channel. Editor and Support Writer for The Wall Street Conspiracy, an independent web series with a six-month production schedule.
- **True Crime:** Fast and thorough editor for multiple True Crime series for Discovery ID. Treated difficult and often dark subject matter with care and artistry to edit multiple series, including True Conviction and Chaos in Court, as well as standalone features, including The Wrong Man: Darlie Routier for TruTV.
- **Reality:** Operated independently and as part of a team for cutting edge reality programming, leveraging creativity and efficiency across multiple show types for major networks including Bravo, MTV, and The Travel Channel. Operated as both Producer, Writer and Editor for 12 episodes of Moorpark 24/7 on Animal Planet.
- **Scripted:** Interfaced with Writers and Producers to understand the vision of the project, serving as a sounding board to try new ideas for projects across dramedy, short films, and TV drama scripted programs, working with directors such as Tobe Hooper (Poltergeist) and Constantine Makris (Law and Order)

Professional Experience

Flashcut Productions Video Editor/Producer

Owner and operator for this multifaceted production and editing service, leveraging expertise to shoot and edit content for a wide scope of clients. Design and continually expand menu of services, building an ever expanding skill set to garner a more diverse portfolio of projects. Current services include, Show Editing, Video Profiles, Actor Reels, Branded Editing, Remote Editing, Segment Producing, Story Producing, Music Video Production, and Writing.

- Undertook multilateral roles on projects, operating as Editor, Producer, and Writer, harnessing full spectrum of abilities including dramatic use of music, sound design, and visual style to design the entire look and feel of a project, and memorable sequences that ranged from chilling, to cinematic, to emotional.
- Served as a Crash Editor, rapidly splicing footage for breaking news segments for NBC, garnering a reputation for fast and thorough while maintaining a clean visual presentation.
- Recognized among industry leaders for imagination and creativity, coupled with a strong ability to remain versatile, resourceful, and mission driven, often being recruited to edit and produce projects under extremely tight deadlines; always working above and beyond to produce high-quality end results.
- Rapidly pivoted production shooting, editing and post-production services, creating a remote editing service, that allowed production for shows and episodes to continue during the COVID-19 pandemic while maintaining an utmost focus on safety.
